

NEW!

World's Only Night Scope
That Takes Pictures too!

NV20/20

- Captures black & white images on a standard secure digital memory card
 - Images are saved as JPEG & TIFF format
 - Images are easily transferred to a computer
 - No special software needed
-
- Ambient light amplification of 650 times
 - Works day or night
 - Variable Frame Rate - user adjustable exposure time to enhance light-gathering capability. From 2 fps to 30 fps
 - Infrared Intelligence - 3 modes. Wattage adjusts automatically as needed for varying levels of darkness
 - Enhanced infrared sensitivity - double that of intensifier tube technology
 - Variable display brightness
 - Clarity across the screen - edge to edge
 - Programmable time out features
 - Color output choices
 - Video composite output

Model	Magnification	Angle of View	Field of View	Range of View	Resolution	Power Supply	Weight	Dimensions
NOIGM3X-IC	2.6x	12°	70 ft @ 330 ft	16" to Infinity	Edge to Edge 30 lp/mm	4 AA Batt. w/o Batt.	19.1 oz	9x4x2.5 in
